# Recent developments on HXWD

HXWD Recent developments

## Signup process

- ▶ Users can fill out form and register for TLS account
- ▶ They will receive a mail to verify the account
- ▶ Once the account is verified, members of the TLS Board will review the applications
- ▶ If more than 2 members agree, an account will be created
- ▶ The user will receive a welcome mail and can access the account

# Bibliography

- ▶ Editing of the existing MODS records
- ▶ Adding new records
- ▶ Delete duplicated or unnecessary records
- ▶ Set bibliographic item as witness for text critical editing
- ▶ Add URL to online version of a work

## Page information

- ▶ Page information of one or more reference editions is necessary for making the TLS texts quotable
- ▶ This is also necessary for the display of digital facsimile
- ▶ A button accessible from the floater can now insert a page break
  - ▶ that is, the point where the page starts in the reference edition
- ▶ Further editing etc needs to be done

## Text critical editing

- ▶ Maintenance of witness list
- ▶ Adding / modifying / deleting of textual variants
  - ▶ deleting: soon to come
- ▶ Provide notes and reasoning for choices
- ▶ Notes can contain references to published works
- ▶ The process is documented, accessible from the menu
  - ▶ “Documentation” -> “Critically establishing a text”
